

## **EMS Update 2015 Notice**

EMS Update 2015 training is scheduled to run from May 1st through August 31st.

This annual training is mandatory for all Los Angeles County certified MICNs and accredited Paramedics.

This year's Update includes: Legal Challenges, Attitude and Excellence in Prehospital Care, STEMI ECG interpretation and Cath Lab Activation and Termination of Resuscitation.

For 2015, the Los Angeles County EMS Update is available as an online course or classroom presentation. The online course is provided in collaboration with the UCLA Center for Prehospital Care. Instructions for registration and the link to the training are provided on the EMS Agency web page under EMS Continuing Education.

Personnel who do not obtain EMS Update 2015 by the August 31<sup>st</sup> deadline will be unable to function until verification of EMS Update 2015 completion is confirmed as received by the EMS Agency. Suspensions will be effective September 23, 2015.
